To Whom it may concern,

Re: University of Luton – Luton and Dunstable Innovation Centre

I can confirm that the project entitled "Luton and Dunstable Innovation Centre", submitted by the University of Luton is included in Luton Dunstable Partnership's SRB programme (agreed by the EEDA).

The project has the following annual SRB allocations:

2000	£124,750
2001	£30,750
2002	£26,750
2003	£5,250
<hr/>	
Total	£187,500

The SRB funds will be used to match against Objective 2 ERDF funds. The University of Luton will have to gain approval for the project via Luton Dunstable Partnership's SRB project appraisal process prior to receiving funds of £43,000 allocated from October 2001 to March 2003 included in the above figures.

Yours sincerely

Ms S Hendrick
Executive Director
