

TECHNICAL ACTION LINE

CALL FOR REGISTRATION OF DIAGNOSTICIANS AND EXPERTS

The Eastern Region Technology Centre has been awarded a contract by the Department of Trade and Industry to provide the new "Technical Action Line" service for the Eastern Region counties (Bedfordshire, Hertfordshire, Cambridgeshire, Essex, Norfolk and Suffolk).

Local firms with technical problems will be able to ring the action line and will be put in contact with an approved Diagnostician able to provide a diagnosis of their problem and, if necessary, an Expert to assist in implementing the solution.

We are currently compiling a register of appropriately qualified individuals prepared to act as paid consultant Diagnosticians or Experts. If you would like further information about these opportunities, please request details and a registration form from :-
